PSD Beacon

(LED illuminants)

The PSD Series Beacons are industrial quality, hazard warning beacon ideal for general purpose and localised signalling applications.

8 Cd output from 30 LED Stacks (18 LEDs Blue & Clear)

Long-life - typically > 100,000 hours.

360° All-round visibility.

High grade engineering, UV-stabilised plastics (ABS Base, Polycarbonate Lens).

Dimensions - 102mm high x 79mm dia

12Vdc, 24Vdc, 115Vac and 230Vac models.

Fixing drillouts on 51mm centres facilitate direct conduit box mounting (gasket supplied).

A central 10mmØ entry in base affords Cable access.

Options available

Supply voltage		12v dc	24v dc	115v ac	230v ac
Supply voltage limits		5%			
Supply current		240mA	13mA	10mA	10mA
Luminous Intensity	Red	8Cd			
	Amber	8Cd			
	Green	8Cd			
	Blue	8Cd			
	Clear	8Cd			
Flash/min SH		120 fpm (2Hz)			
Temperature limits		-40C, +55C			
IEC protection class		IP65
